

**Pacific Coast Campus
New Industrial Technology Building Phase 1**

Construction Budget: **\$12,905,000**
 Start of Construction: **20-Jul-07**
 Architect: **Rachlin Architects**
 General Contractor: **Soltek Pacific**
 Size: **22,119 ASF**
 Funding: **State/Measure E**
 Bond Series: **Prop 47**

DESCRIPTION:

A new state-of-the-art facility will be constructed at the north end of PCC to replace antiquated facilities. The facility will provide integration of computer and media technology for the training and retraining of students in the industrial trades including welding and machine shop. In addition, the facility will include video-enhanced demonstration labs and lecture classrooms.

**Construction Phase
40% Complete**
